Excuse me, sir; I hate to intrude But you're out in public and your shirt's rather rude Although fairly

mild, as far as some go, The sentiment still dips pretty low I mean, 'Life's a bitch - don't elect one.'
Why does she deserve that, what has she done? Oh, I cannot stand her, lots of reasons why For one,
get in her way, and you're gonna die She's had people murdered time and again You don't need
enemies if you count her as a friend And you just know she's gonna come for our guns Her, with that
brain damage, that Parkinson's She gave nukes to Russia, and then to Iran And she's the one got our
men killed in Afghanistan She slept through Benghazi, laughed at child rape But she's got
connections to get out of any scrape She's such a puppet, has been for so long Trying to sell us on
stuff that's evil and WRONG What about those emails? Millions of 'em hacked That ain't conjecture;
it's a true fact Oh man, mister, you're on the wrong side of the fence What bolsters this slander? Not a
shred of evidence What you've said lacks any veracity Indeed, your statements reek of mendacity
Everything you've listed has been shown untrue On some level you must know they're all lies...don't
you? No, they're the truth, it's all common knowledge Y'know, to be smart, you don't need to go to
college You just have to stay informed on liberal insanity For instance, I never miss watching Sean
Hannity He says she's taken millions from the Mid-East and China But fembots like you'll choose her
'cause she's got a vagina Y'all don't seem to care that she's such a nasty woman See, to patriots like
me she's lower than vermin I do not like that old blond bitch She just might be a genuine witch Listen
to the way she cackles Man, that really raises my hackles I do not like her cheating on Bill Yeah, I
know he cheated first, but still... It's clear you don't like her, but actually, You still haven't explained it
factually Before unquestioningly assigning her blame Can you provide proof of even one claim? Your
"reasons" are nothing but innuendo and hate And what about your guy do you find so great? He's
gonna kick out the terrorists and put up a wall Dumping the riffraff will make it safer for us all Some of
those hombres, they're really bad Our failure to act has been nothing but sad He'll tighten up that First
Amendment, that "freedom of speech." Since the press hides behind it to tell lies and preach See, it's
not true that he made fun of gimps And didn't he tell the vets he'll help out the wimps? He truly cares
about those weaklings with PTSD He's got big plans, they're huge, you'll see When he's in power,
he'll make America great Oh yes, it will happen, just you wait Ain't no question—between the pair, I'm
for the brilliant billionaire! Okay, that's it, I've heard enough It's clear that y'all don't know your stuff
Nor will you listen to reason or rhyme Trying to talk sense is a complete waste of time So I'll walk
away while you self-lampoon, By swooning over an utter buffoon * * *
