Inspired by my best friend

<https://www.storiesspace.com/stories/poetry/ennui.aspx>

Apathy clung suffocating her Inhaling boredom, exhaling emptiness Daily life a blur She welcomed change with bitterness Her bones wracked with discomfort Weighted down by inferiority Complete annihilation of effort A grave lack of superiority Her brain sucked dry Thoughts brimming with criticism Pleading; Wanting to cry She lacked this mechanism Existence on the edge of a knife Steadily coasting in absence Ravenous for the thrill of life Trapped in a vessel of indifference
