For a spiky haired kid who took a chance on a friend

I wish you could see what you mean to me
Where we have gone and where we will be
We were two souls connected in the night
An email that started a friendship so right
Tears, laughter, and naughty things
Funtimes, joys, and stories of ping's Hush Little One and Seduction by Slumber
These things we write without encumber
Seeing through the chaos in my head
Helping me see what needs to be said
Through love, pain and heartache
You're a constant no one can take
Day, night, winter, spring, summer or fall
I know you will always answer the call
Knowing exactly what I need to hear
A shoulder to lean on when I do fear
People taking and demanding
Life is full of misunderstanding
When you think no one is around who cares
Here I'll be through all life's messy affairs
A bond formed beyond this internet world
An everlasting friendship we have unfurled

*my sweet friend. Now you know what you mean to me. Thank you for always reminding me to smile and laugh. You are my everlasting friend.
