On Anticipating Chewing Gum I want to taste you. I want you to make me moist. My mouth awaits you. On Enjoying Chewing Gum You pass through my lips. My tongue caresses your form. I taste your sweet juice. On the Dénouement Squishy, flat, and soft. You satisfy no longer. Your essence is drained. On Swallowing Chewing Gum I swallow you whole. You slide into my smooth throat. Thick, wet, and sticky.
