Our story started years ago, A time, a place I'll not forget. Lost and lonely, dissatisfied. Ignorant, but looking for you. Our conversation filled my mind. Clever; witty. excited me. Awakened possibilities. Began to feel alive again. Our attraction filled my body. Sensual, sexy, and intense. Fueling a passionate furnace. Began to feel my heart again. Our friendship filled my soul. Joys, fears, tears. Wishes, dreams, and hope. Brought us together forever. Began to feel in love again. Our story continues ahead, A time, a place without ending, Found and happy, so satisfied. Knowing, and having you, my love.
