Making new things happen

<https://www.storiesspace.com/stories/poetry/quietness.aspx>

Quietness That is the sound I hear No laughter, no tears, no pain Quietness Some say it's peace
Some say it's happiness No words No pain No sound A clean slate A fresh start Something new
around the corner New hopes, new dreams The old is gone I've let it all go Looking for changes
Making something happen Facing all my new fears Quietness The new sound I hear
