You were in my life Every single day Then so suddenly You went away I do not understand the words
Or how one can say It gets easier with each passing day I have a need to talk to you To see and feel
your touch I smile as your presence Washes over me I feel you in my mind Your laughter in my heart
Your spirit never leaves me We're only physically apart Someday we will be together If the gods are
kind Till then my darling As long as I remember you You're with me You're alive within my heart True
love never dies darling It gets stronger as we remember
